

The 2nd Annual ECHO Project

Powered by HCPSM and Music & Arts Center

Do you have a formerly loved musical instrument that needs a new home?

The ECHO* Project is just the place to donate your used band or orchestra instrument. All donations will be used to help schools supply instruments to students who could not otherwise afford one.

Donated instruments should be in good, playable condition. Representatives of *Music & Arts Center* will be on site to assess each instrument's value and playing condition (and will provide a receipt for tax purposes, if needed). Schools are especially in need of the traditional orchestral instruments (violin, viola, cello, bass).

Donations will be accepted at the Howard County Solo & Ensemble Festival on Saturday, February 4, at Mt. Hebron High School (Snow Date is Saturday, Feb. 11).
